

FOCA

Week #1	Domain and range of a function
	Where the graph of a function is increasing, decreasing and constant
	Review of the above two ideas
	Relative max and mins of a function
Week #2	Rel max/mins of a function and where a function is even or odd
	lin equns in 2 vars
	Test #3 rev
	Test #3
Week #3	lin equns in two vars
	transformations of functions
	transformations of functions
	transformations of functions
Week #4	combinations of functions
	test#4 review
	test#4
	combinations of functions
Week #5	combinations of functions
	intro to polynomials
	intro to polynomials
	review all concepts covered
Week #6	review for test
	end of six weeks test
	Wrap up of six weeks
	Wrap up of six weeks
